ENGLAND, PRANCE, AND CHINA. New York, 18th January. A cable special from London of January 17th says:-The Foreign Office has turned a very deaf ear to Chinese complaints of neutrality violations. The Marquis Tseng, the Chinese Ambassador to England, has sent several notes to Earl Granville. Secretary of Foreign Affairs, complaining that England's neutrality is onesided. He charges that England premptly recognizes every act of the French and ignores the acts of the Chinese Government. To all these complaints Lord Granville has sent a polite but meaningless roply, in which he evades the subject-matter and confines himself to the platitudes that are always kept in stock and within easy reach of the clerks in the Foreign Office. In the meantime the Marquis Teeng is chuckling over the flamboyant despatches of General Briefe de l'Isle, the French commander in Tonquin. The latest dispatch from the French General is to the effect that he is about to pacify Tonquin, which, the Marquis remarks, is easier said than done. The Chinese Authorities have renewed their threat of preventing the expert-ation of food supplies from the mainland to the English island of Hongkong as a measure of retaliation for the alleged violation of the neutrality treaties by England.

WHAT IS THIS DISEASE THAT IS COMING TPON UST

Like a thief at night it steals in upon us unawares. Many porsons have pains about the poor. There is feeling like a heavy load on the stomach; sometimes a faint all-gone sensation at the pit of the stomach which food does not months it is attended with a greenish coloured NEW YORK expectoration. The afflicted one feels tired all NEW YORK the while, and aleep does not seem to afford any SAN FRANCISCO...... rest. After a time he becomes nervous, irritable, and gloomy, and has evil forebodings. There is head when rising up suddenly. The bowels become costive; the skin dry and hot at times; the blood becomes thick and stagnant; the whites taste, and sometimes with a sweetish taste: this is frequently attended with palpitation of the heart; the vision becomes impaired with spots before the eyes; there is a feeling of great prostration and weakness. All of these symptoms are in turn present. It is thought that nearly one-third of our population has this disease in some of its varied forms. It has been found that medical men have mistaken the nature of this disease. Some have treated it for a liver complaint, others for kidney disease, etc., etc., but none of the various kinds of treatment have been attended with success, because the remedy for in Dyspepsia (for this is really what the disease is) all of these organs partake of this isease and require a remedy that will act upon all at the same time. Seigel's Curative Syrup acts like a charm in this class of complaints: giving almost immediate relief. The following letters from chemists of standing in the com-

munity where they live show in what estimation the article is held. John Archer, Harthill, near Sheffield:—I can body complains of hard times. The theatrical confidently recommend it to all who may be suffering from liver or stomach complaints, having the testimony of my customers, who have derived great benefit from the Syrup and Pills. The sale is increasing wonderfully.

Geo. A. Webb, 111, York Street, Belfast :-- I have sold a large quantity, and the parties have commont members of the Medical Profession to b testified to its being what you represent it.

J. S. Metcalfe, 55, Highgate, Kendal:—I have always great pleasure in recommending plaints, Loss of Energy, Sick Headache, Indigestion, case in which it has not relieved or cured, and Decline, and all morbid conditions of the system I have sold many grosses. -I have always taken a great interest in your substitutes. Wholesale Agents, A. S. Warson, medicines and I have recommended them, as I Hospkong and Shanghai

have found numerous cases of cure from their Thomas Chapman, West Anckland :- I find that the trade steadily increases. I sell more of your medicines than any other kind. N. Darroll, Clan, Salop; -All who buy it are pleased, and recommend it.

Jos. Balkwill, A.P.S., Kingsbridge:-The public seem to appreciate their great value. ness:-It is needless for me to say that your valuable medicines have great sale in this district-greater than any other I know of, giving ATUBIAN METAL POLISH. Produces without great satisfaction.

mend the Curative Syrup from having proved its officacy for indigestion myself. Friockheim, Arbroath, Forfarshire, Sept. 23,

Dear Sir.—Last year I sent you a letter recommending Mother Seigel's Syrop. I have very IN much pleasure in still bearing testimony to the For daily Household use. Gives a brilliant and Pills. Most patent medicines die ont with me, but Mother Seigel has had a steady sale NUBIAN PLATE POWDER, for Silver Ware. ever since I commenced, and is still in as great demand as when I first began to sell the medicine. The cures which have come under my notice are chiefly those of liver complaint and general debility. Yours very truly.
